A Sea Glimpse.

High tide, and the year at ebb;
The sea is a dream to-day;
The sky is a gossamer web
Of sapphire, and pearl, and gray.

A vail over rock and boat;

A brach on the tremulous blue,
Where the and sails lie affoat,
Or, unaware, sur from view.

They veer to the ros ray;
They dusk to the violet shade;
Like a thought they flit away;
Like a foolish hope, they fade.

But listen! a sudden plash!
A ship is heaving in sight,
With a stir. and a noisy dash
Of the salt form, seething v

Tar-grimed and weather smined. The sailors shout arom her deok; Of the drawn waves they rack.

of the shabirit girl who stands.
Where her feet on the wet wrack slip—
Eyes shaded with lithe, brown hands—
She sees but the coming ship.

FROM RITUALISM TO ROME.

Letter of the Rev. Dr. Rogers, of Memphis, announcing his Adhesion to the Roman Catholic Church-His Farewell to his Flock.

The following is the letter in which the Rev. J. W. Rogers, the Rector of "The Church of the Blessed Virgin," in Memphis, and the leader of Ritualism in Tennessee, announces to his 12%; clear sides 19. Lard, choice kettle 15a1514. congregation his formal adhesion to the Church MEMPHIS, November 12, 1868.

To the Congregation of the Church of the Rlessed Virgin:

To the Congregation of the Church of the Blessed Virgin:

Belloyed in Chrish—Grappling, however feebly, with the manifold errors of Rationalism during the past year, I determined some months since, as you all know, to throw myself, heart and soul, into the effort now being made by the Catholic party in the Church of England to unite that church with the Church of Rome; but, unwilling to do anything stealthily, I preached and wrote too boldly for my brethren, and declared on the house-top what others admitted in private. The Bishop sent his "interdiction" but was unable consistently to try me; meanwhile my studies and efforts convinced me, more and more, that even if our clergy were ready for such a union as that proposed, the people would, for the most part, split on the rock of private interpretation, so that after all, our partial success would only be a quasi justification for future sphisms, whenever ambitious rulers, ecclesiastical or civil, should grow restive under the Cross; and therefore, after mature deliberation—led, I humbly trust, by the Holy Spirit—I have determined to renounce the Episcopal Church, and leave the rest to God. Should those pure and noble spirits who have hitherto sought the catholic truth under my poor administrations, now feel bound to abandon all further investigation in its behalf, I need scarcely say, considering the awful strutgles my own soul has experienced, that it is what most men would do. It is a fearful thing to meet the averted glances of those who once loved us, but far more terrible will it be, beloved, to meet an offended God and Saviour.

I have, therefore, deliberately (though most

Saviour.

I have, therefore, deliberately (though most unworthy of it), ascended this cross, even when my friendless wife and children, like the Blessed Virgin and St. John, suffer around it.

I believe the ancient See of Rome to be the centre of all jurisdiction in my Master's Kingdom, and humbly yield to convictions which all my wordly hopes and interests would disperse. Appealing to God, the Father, Son and Ho'y

Ghost, for the purity of my motives, I am, as ever, your faithful servant in Christ Jesus. J. W. ROGERS. The Memphis Avalanche intimates that the

ovement of Dr. Rogers-who from early boyhood has been identified with Memphis and with the Episcopal Church of the Southwestwas precipitated by the action of the late Episcopal General Convention on the subject of Ritualism. Dr. Rogers' farewell to his flock SALES OF COTTON FOR WEEK ENDING NOV. 5 was pronounced on Sunday, the 15th, in the presence of an immense congregation. The Avalanche says :

At about quarter past eleven Dr. Rogers came before the audience in plain dress and addressed them. After adverting to the peculiar circumstances under which he came before them, he proceeded to one of the most powerful discourses that we have ever listened to. During the course of his address flashes of During the course of his address flashes of eloquence lit up the otherwise argumentative oration, and when he came to the close—the bidding farewell to the flock that had followed his lead, many of whom he had baptised as children, and who had grown up under his very eye, and all of whom had known him for a quarter of a century, in his struggles with the very eye, and all of whom had known him for a quarter of a century, in his struggles with the world and against it—the scene was truly affecting. There was scarcely a dry eye in the church. Dr. Rogors, in conclusion, said that he had considered and weighed the question well, and had determined that it was not for him to withstand the edicts of those who, rightfully or wrongfully, are the leaders of a branch of the church to which he held allegiance. Believing that the doctrines of the Church of Rome were right, he would go to them, and he implored all those who were, like himself, in the awful state of doubt, to make up their minds either not to resist or to make up their minds either not to resist or to go with him. At the conclusion there was not a dry eye in the house, and we understand that many of those who thus far have followed the fortunes of Dr. Bogers have determined to go ith him into the bosom of the Church of

A DELIGHTED AND HAPPY WOMAN .- I need A DELIGHTED AND HAPPY WOMAN.—I need not say that Mrs. Graves is a delighted and happy woman. Such a machine would carry joy and gladness into teu thousand families now rendered unhappy by the unending fluger toil of the worn wite and mother. I would not, for my wife's sake, exchange her Willcox & Gibbs' machine for the best of all others known to me, and five hundred dollars. What are a few patry dollars when weighed against her ever recovering, wavenment, over "broken"

are a few patry dollars when weighed against her ever recurring wornment over "broken needles" and "disordered machinery?"

If my testimony in behalf of the superiority of your machine over all others used in my family should influence any kind and generous husband to procure one for his wife—or to put his "G——," or "S——," or "W——," or "H—" machine in the market, as I did, and buy a "W. & G.," I am satisfied that that woman would ever remember me most gratefully.—[Letter of Rev. John R. Graves, Magnolia, Miss., April 12, 1866.

Southern Excussion Party.—A large party of gentlemen and ladies left Hagerstown, Md., on Wednesday, on their way for the sunny South. The party numbered between forty and fifty, and left by way of Washington County and Baltimore and Ohio Railroad, a special car having been furnished for the occasion by the Baltimore and Ohio Railroad. The party car having been furnished for the occasion by the Baltimore and Obio Railroad. The party was raised by Daniel Dechert, one of the editors of the Hagerstown Mail, who goes with them. Among other gentlemen who composed the excursion were J. M. Cooper, editor of Valley Spirit, Chambersburg; J. F. Campbell, editor of the Altoona Vindicator; William M. Breslin, editor of the Lebanon Advertiser, and N. J. Stermin, editor of the Lancaster Intelligencer. The party is composed of Marylanders and Pennsylvanians.

Savannah Market.

Savannah Market.

Savannah, November 19.—Cotton—The transaction for the past week has been larger than the previous one, but prices are not as good. The fluctuation in gold caused our market to vary a little. Both botders and buyers seem anxious to meet—buyers again off ring much below the prices asked those who have the interest of plauters at stake. The better grades have generally been taken at asking prices—lower grades still neglected. The market closed quue but steedy, with middling at 22½a23c. We give the following resume of the week:

Friday—There was considerable inquiry and much firmness was shown on the part of holders. The disapaontinent in the receiving better advices towards the close of the day caused quietness to reign throughout the market. We quo e middling at 23c—nany were offering ½c less; holde s were not anxious to dispose of their cotton at the latter figure, except where they had received advices to sell. Sales of the day 638 b iles.

Saturday—Market quiet with fair inquiry. The here ofter difference existing between buyers and sellers was clearly shown to-da—many were offering 23½c for middling, but holders appeared to use some firmnes—at 28c, though the advices from Liverpool and New York were unfavorable; low grades somewhat uselected. We quote middling at 23 cts. Sales 447 baics.

Monday—Market opened with a fair inquiry, and From this Port. Steamship Bulf Stream, Spencer, New York, Nov 19, Steamship Carroll, Hudgus, Eastimore, Nov 20, Cleared for this Port. Steamship Key West, Eudolf, at New York, Nov 18.

Mr. Isaacsen—Dear Sir: It gives me great pleasure to testify to the gratifying result obtained at this Hotel through using your Phosphoric Paste; it is now two years since I first heard of your remedy, and determined to give it a fair trial; that trial proved so successful that not a trace of Rats or Roaches have since been discovered, although previous to that time we were completely overrun. Wishing you every success in the useful career you have chosen,

Ireman, yours respectfully,

JOHN WOLFE, Engineer.

NOTICE TO BUILDERS—SEALED
Proposals will be received at the Office of
County Commissioners, Beautort, S. C., until the
20th day of November, 1868, at 12 o'clock M., for the
Building and Repairinz of the following BRIDGES,
in Beautort County, S. C., viz:
The BUILDING of a new Bridge crossing St. Helena Creek, between Ladies' and st. Holena Islands,
length of Bridge 150 feet.

1he REPAIRING of Salt Water Bridge on Shell
Road, leading from Beaufort to Port Royal Ferry,
near Four Mile Stone.

The REPAIRING of Verdier Bridge on Status of the County of the Cou

near Four Mile Stone.

The REPAIRING of Verdier Bridge on Shell Road, leading from Beaufort to Port Royal Ferry, near Nine Mile Stone.

Contractors will furnish all plans and specifications of Commissioners. SUPERIOR TO SOZODONT AND CHEAPER. THIS PREPARATION IS THE RESULT OF THE combined skill of the physician, dentist and apothecary, and it is offered as a RELIABLE substitute for the numerous uncertain washes now in vogue. The microscope has also been called into use, and the researches of a celebrated observer have detected the manner in which the tartar is formed, showing it to be the week of animalculz.

Contractors will furnish all plans and specifications, subject to the approval of Commissioners.
The Commissioners reserve the right to reject any
or all the proposals that they deem not for the interest of the County.

By order.

Chairman Board of County Commissioners.
Henry Pennington, Clerk.

SARSAPARILLIAN

PREPARED UNDER A NEWLY DISCOVERED PROCES FOR EXTRACTING THE CURATIVE PROPERTIES FROM VEGETABLE SUBSTANCES. EN.

TERS INTO THE COMPOSITION OF

ITS POWERFUL CURATIVE ASSOCIATES

DR. RADWAY'S

RENOVATING

RESOLVENT.

One Rottle of Resolvent is Retter Than Ten Large Bottles of the Advertises Sarsaparillas, or Direct Diurctic Rem-

Physicians wonder at the extracrdinary power of RADWAY'S RENOVATING RESOLVENT in curing the worst forms of Scrofulous, Syphiloid, Chronic Sirin Diseases, and its marvelous power in resolving calculous concretions, affording immediate relief and consequent cure of Diseases of the Kidney, Bladder, Liver, Lungs, Pancreas, Spleen. Its rapid influence in the cure of Disbetes, Incontinence or scanty, turbid, albuminous, cloudy urine; its almost instant efficacy in stopping liching and painful discharges from the Uterus and Urethra, Lucorrhoa, Bloody Urine, and other unhealthy and weakening discharges;—and inquire wherein the SARSAPARILLIAN used in the Renovating Resolvent differs from ordinary Sarsaparillas I Sars parillian is the only principle in Sarsaparilla that possesses curative properties; all other parts of the root are inert and uscless. One ounce of the extract obtained under Dr. Radway's new process for extracting the curative properties from vegetable substances, contains more of the true principle of cure than twenty pounds of the ordinary roots.

SARSAPARILLIAN is only one of the ingredients

suspending the constituent secretions of others; hence, a compensating remedy like the Resolvent in the only means of a permanent cure. BEAR IN MIND THAT EVERY DROF OF BLOOD

A REMARKABLE CURE!

SORES ON THE TONGUE, ULCERS IN THE THROAT, SORE GUMS, SORE MOUTH, SORES IN THE NOSE, AROUND

If recently exhibited, a few bottles will cure. If chronic, or through the effects of Mercury, Potaseium, Corrosive Sublimate, from six to one dozen pottles may be required to make a permanent cure.

A GREAT SENSATION !- A GOOD SENSA-TION !

PAIN CURED IN AN INSTANT!

most excruciating pain in an instant, without employing such dangerous agents as Chloroform, Opium, Morphine, Acontine, Ether, &c., was first

RADWAY'S READY RELIEF.

This remedy accomplished this wonderful and de-lightful desideratum in all cases of external and in-ternal -pain. In an instant it afforded relief, the moment it was applied to the parts of the body

Every kind of pain, whether Rheumatism, Neuralgia, Toothache, Pains in the Chest, Side, Lungs, Stomach, Bowels, Kidneys, Spine, Legs. Arms, Feet, one application was sufficient to kill and exterα inate

CONGESTION OF THE LUNGS CURED IN THIRTY MINUTES!

Important to Know how to Use "Radway's Ready Relief" in Acute and Dangerous Attacks!

MY OWN CASE,

MY OWN CASE.

On Saturday night, the 19th, I was violently seized with Congestion of the Lunga. For a few days previous I leit a dull pain over my left lung, with occasional coughs, but Leing actively engaged, paid no attention to it. When seized, the pain was so piercing, cutting and exeruciating, that every breath drawn was like a red hot knile cutting my lung. Being absent from home, I sent out for three bottles of RADWAY'S RELIEF, applied the entire lot to my lungs, back, shoulders, &c., and in a few moments got up counter-irritation. Respirations were easy, and, as the skin became reddened, all pain ceased. In half an hour I was free from pain, and all signs of Congestion, Ind minution, &c., gone. This is an important cure. It is well that every one should know how to use this remedy in severe attacks. The same rule holds good in case of Inflammation of the Loins, Bowels, Kidneys and Stomach. Apply the RELIEF freely; soak the skin with it. It will instantly secure the withdrawal of the inflammation to the surface, and parsons now suffering may, in Thirst Minutes, be free from pain.

CHRONIC INFLAMMATICN.

CHRONIC INFLAMMATICN. In cases where inflammation has existed for a length of time, in addition to the RELIEF, take six of RADWAY'S PILLS. Powder them. In half an of RADWAY'S PILLS. Fowder them. In and an hour, in most cases, they will operate. If not, repeat the dose. In one or two hours at the furthest thry will operate, and the patient soon get well. In Bilious, Typhoid, Fever and Ague, this treatment is sure to cure. Let it be tried.

November 20

No. 169 Meeting-street, corner Hasel.

A NEW PRINCIPLE DISCOVERED.

of the true principle of cure than twenty pounds of the ordinary roots.

SARSAPABILIAN is only one of the ingredients that forms 'his truly wonderful unedicine; and it is the only compensating remedy that communicates its purifying, cleansing and reinvigorating properties through the BLOOD, SWEAT, URINE, and other secretions, securing a Larmonious functional action of every depraved organ and gland in the system. If the blood is corrupt, the Resolvent will make it pure. If the Lungs are ulcerated and sore, secreting thick phlegm and prurelest matter, the Resolvent will closen this deposit and repair the wasting lung with sound and healthy material. If the Skin is covered with pungles, spots, pustules, sores, ulcers, &c., the Resolvent will dujckly removs these annoyances. If mercury is deposited in the bones and has accumulated in the system, the Resolvent will drive it out. If the Threat or Bronchial Glands are ulcerated, the Resolvent will cure these signs of an early waste. Direct remedies, possessing only exclusive properties, are hurtful, as they increase the functional secretions of on- organ by suspending the constituent secretions of others; hence, a compensating remedy like the Resolvent is

impregnated with the Resolvent and absorbed to supply the waste of the body, will make pure, sound, and healthy flesh and fibre. The first dose that is taken commences its work of purification and in-creasing the appetite and flesh.

THE EYES, &c.,

made known in

where inflammation or pain existed—It at once re-lieved the patient of the most violent and excruciat-ing pangs and throbs or pain, and imparted the de-lightful sensation of ease and comfort. THE DEMAND FOR THIS UNIVERSALLY POP-ULAR COTTON TIE having so ar exceeded our ex-pectations in view of the muny other patents offered in the market, we have hitherto been unable to keep supplied. We take pleasure, however, in announcing to our customers that we have now made such arrangements as will cuable us henceforth to keep a full supply always on hand. We are now daily ex-pecting the arrival of a shipment, when all orders awaiting execut on will be filled.

one application was sumcient to kin and extern lines the pain.

Taken internally, twenty drops to a teaspoonful would cure, and will cure, Asiatic Cholera, Fever and Ague, Chills and Fever, Bilious Cohe, Inflammation of the Bowels, Cramps, Spasms, Diarrhoza, Dysentery, and every pain that may exist in the inside of man, woman or child: this was RADWAY'S READY RELIKEF of 1847, and it is RADWAY'S RELIKEF, greatly improved, in 1863.

We then started it in its mussion of relieving the infirm, pain-stricken, sick, distressed and crippled or all nations throughout the world, and now to-day it is used, patronized and revered as a household necessity, in the palaces of Sultans, Emperors, Kain os, Kings, High Priests, Nobles, as well as in the cottages of the laboring classes of every nation in the face of the earth.
